A WEEK LONG RESIDENTIAL EVENT FOR YOUNG QUAKERS AGED 11 – 14

LEIGHTON PARK SCHOOL, READING

#### WHAT IS FSSE JUNIOR GATHERING?

FSSE Junior Gathering (formerly Summer School) is a week-long Quaker gathering for young people aged 11 to 14 run by Friends Southern Summer Events (FSSE). It is an exciting and busy week, packed with activities and is a chance to meet new people and make friends, to have fun, and be together in a Quaker environment.

The theme chosen by last year's young people's meeting is Gender Equality. We will explore the theme with visiting speakers and through simulations, workshops and small group discussions. Everyone is part of a small supportive base group which meets each day to get to know each other, play games and talk about the theme (and many other things!).

Days begin with Quaker meeting and end with epilogue. In between they are filled with plenty of activity. There are a variety of fun, creative and active workshops to choose from, previously these have included music, drama, art and crafts, swimming, football and other sports. There is also a day trip to Oxford, lively evening entertainments and a last night festival.

Two adult coordinators (one male and one female) are responsible for the running of Junior Gathering. They are assisted by a team of adult volunteers. In organising and running its events, FSSE follows guidelines from Britain Yearly Meeting concerning the safety and well-being of those taking part. A copy of FSSE's Child Protection Policy can be seen on the FSSE website www.fsse.org.uk. All adult volunteers are required to have current, enhanced check from the UK Disclosure and Barring Service (DBS).

Here are some things that people who have been to Junior Gathering before have said:

"The games were fun and the socials reinforced the friendly environment"

"There were lots of activities and they were cool"

#### "I've never felt so free"

"Worship was a really special time for me. The silence is beautiful, especially in epilogue"

"I made good friends and did loads of creative stuff"

## "I liked meeting everyone and being part of a real special community"

#### **EPISTLE: JUNIOR GATHERING 2016**

Dear Friends,

On the 20th of August 2016, 73 young friends and 22 staff from all walks of life gathered at Leighton Park School to meet with old friends, make new friends and explore the theme "Truth and the Inner Light in Quakerism".

We enjoyed a variety of thought-provoking sessions: Susie Paskins talked to us about meeting for worship and about how we can get the most out of this time. She shared a few techniques for keeping focused during the silence and we spent some time experimenting with these methods and learning which ones worked for us.

Steve Whiting shared experiences throughout his life where he faced difficult choices and invited us to follow our inner truths. He also introduced the idea of multiple and subjective truths where two people have conflicting views but both are "true".

Paul Ingram talked us through the concept of active listening in which you repeat back what you feel the person said. He shared how he used this process to encourage understanding between different political leaders on the subject of nuclear weapons. A simulation was led by the staff and was thoroughly enjoyed by the groups that took part. It involved protesters who were marching against the government cuts occupying the premises of a company that didn't pay its taxes. Both groups of protesters were eventually arrested but the second group were lured outside by the police before being taken away.

On a slightly less serious note the evening activities were much loved with something for everyone. From the crazy barn dance to the true sportsmanlike feeling of the Olympic base group challenge. The fabulousness disco set new precedents for costumes with jellyfish proving a popular choice. The suspense for the entertainments has been growing throughout the week with brilliant performers sharpening up their final act. This year's fantastic fete was held on an (almost) cloudless day with everything from hook—a—duck to a slip and slide and of course a suitably dressed fortune teller.

A huge range of activities were on offer from tie—dye and glass painting to swimming and woodland adventure and everything in between. These provided ample opportunity to have fun, bond with others and learn new skills. Our base group sessions were rewarding and offered a chance to reflect on the speakers and the week in general as well as providing an area where your voice can be heard.

Our meetings for worship were both varied and interesting with much profound spoken ministry on the subject of truth and inner light coming from many different people. Epilogue, a half–hour meeting before bed, was especially deep both with spoken, silent and musical ministry. On Wednesday we traveled to Oxford where we joined for worship with our friends from Senior Conference in a meaningful if crowded meeting in Oxford Meeting House.
